

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Parts I and II will be conducted as written examinations in Class A medical schools, and Part III will be entirely practical and clinical. In order to facilitate the carrying out of Part III, subsidiary boards will be appointed in the following cities: Boston, New York, Philadelphia, Minneapolis, Iowa City, San Francisco, Denver, New Orleans, Baltimore, Galveston, Cleveland, St. Louis, Chicago, Washington, D. C., and Nashville, and these boards will function under the direction of the National Board. The fee of \$25 for the first part, \$25 for the second part, and \$50 for the third part will be charged. In order to help the board, the Carnegie Foundation has appropriated \$100,000 over a period of five years.

At the annual meeting held June 13, 1921, in Boston, the following officers were elected: M. W. Ireland, Surgeon General, U. S. Army, President; J. S. Rodman, M. D., Secretary-Treasurer; E. S. Elwood, Managing Director.

Mr. Elwood will personally visit all Class A schools during the college year to further explain the examination and other matters to those interested. Further information may be had from the secretary-treasurer, Medical Arts Building, Philadelphia, Pa.

DEATHS DURING WEEK ENDED SEPT. 3, 1921.

Summary of information received by telegraph from industrial insurance companies for week ended Sept. 3, 1921, and corresponding week, 1920. (From the Weekly Health Index, Sept. 6, 1921, issued by the Bureau of the Census, Department of Commerce.)

	Week ended Sept. 3, 1921.	Corresponding week, 1920.
Policies in force.....	46, 030, 542	44, 451, 928
Number of death claims.....	6, 231	6, 996
Death claims per 1,000 policies in force.....	7.1	8.2

Deaths from all causes in certain large cities of the United States during the week ended Sept. 3, 1921, infant mortality, annual death rate, and comparison with corresponding week of preceding years. (From the Weekly Health Index, Sept. 6, 1921, issued by the Bureau of the Census, Department of Commerce.)

¹ Annual rate per 1,000 population.

² "A" indicates data for the corresponding week of the years 1913 to 1917, inclusive. "C" indicates data for the corresponding week of the year 1920.

³ Deaths under 1 year per 1,000 births—an annual rate based on deaths under 1 year for the week and estimated births for 1920. Cities left blank are not in the registration area for births.

⁴ Data based on statistics of 1915, 1916, and 1917.
